

Challenge 3:

Miss Dipietro's 'Future Me' challenge!

What are your ambitions for the future?

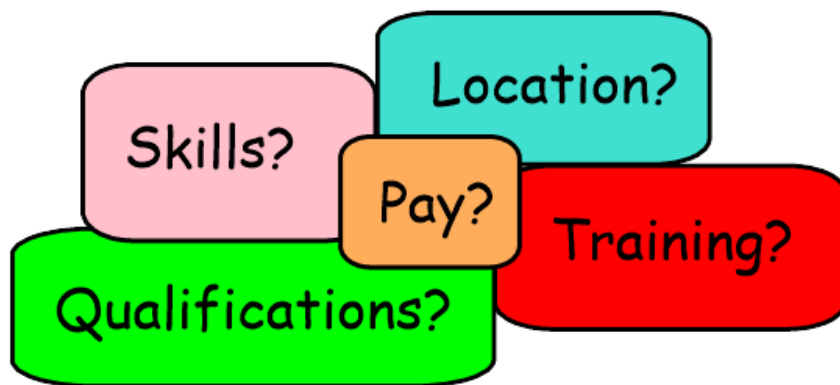

Do you have a specific job that you know you want to do or one you think you would be good at?

Your challenge is to pick a job that you would like to do when you are older (your future me) and research what the job involves!

Click on the link below to find out what some careers are like!

Think about:

Could you talk to someone who has that job already in your family?

Extra: Could you draw a picture of your 'FUTURE ME'?

I'd love to see what you create so please send in any photos to:
