

What do I do if I think my child has SEND?

Please come and talk to us.

First point of contact is your child's class teacher and team leader. Class teachers and team leaders are available on the playground after school every day. Alternatively, you can contact the school via the contact section on the website or via this email:

info@ludlowjunior.org.uk

If you require more information an appointment can be made with one of our SENCOs.

We have your child's interest at heart and we want to work together to communicate about any needs that arise.
